Provides 100% ionic life-giving minerals

Delicious lemon lime and honey flavor in an easy to take liquid form

Carefully extracted from plant vegetation which has been undisturbed in the soil for thousands of years

Most basic and unprocessed source of minerals

KEY INGREDIENTS:

Calcium — Supports the development and maintenance of strong bones and is involved in many vital functions including muscle contractions and transmitting nerve impulses.*

Iron — Helps to transport oxygen to all of the body's cells and is involved in the production of energy.*

Potassium — Helps support the proper function of all cells including regular heart, muscular and digestive function.*

Magnesium — Helps support the regulation of blood pressure and blood sugar levels.*

THE SCIENCE OF MINERALS:

Your physical well-being can be more directly dependent upon the minerals you take into your body than almost any other factor. Minerals help support of organs, bones and the immune system.* Bodē Pro has a unique mineral blend to help your overall well-being.* It contains 100% ionic, life-giving minerals that are reduced to the smallest, most bioavailable form. Bodē Pro's minerals are sourced from plant vegetation that has been undisturbed for thousands of years. These unprocessed phytonutrients include over 65 major, trace and ultra-trace, plant-sourced minerals.

- The body cannot survive without nature's fundamental minerals, yet it cannot manufacture minerals. They must be obtained from the diet or through supplementation.
- Modern-day diets may lack the appropriate balance of minerals due to mineral-depleted soils and over-processed foods.
- Minerals are needed for energy production, protection from free-radical damage and other vital functions.*
- Minerals provide a foundation for your optimal well-being.*

FREQUENTLY ASKED QUESTIONS:

Why supplement with Bodē Ionic?

The answer is simple — Modern-day diets may lack the appropriate balance of minerals due to mineral-depleted soils and over-processed foods. Bodē Ionic is an ultra-premium liquid formula that provides your body with over 65 major, trace and ultra-trace, plant-sourced minerals to help replenish the full spectrum of minerals and provide a foundation for your optimal well-being.*

Why are major, trace and ultra-trace, plant-sourced minerals used?

Because plant-sourced minerals come from Mother Nature herself! Here’s how it works: Plants assimilate minerals from the soil they are embedded in, and in the process, they become highly nutritious for humans to eat. Minerals can be found in nearly all foods that are grown in soil, but the problem is, modern-day food processing and overused croplands make it nearly impossible to get a wide spectrum of minerals from our diets. Bodē Ionic’s minerals are not man-made, but are carefully extracted from plant vegetation that has been undisturbed for thousands of years, to help replenish the full spectrum of minerals, at levels that nature intended. Major, trace and ultra-trace indicates a level at which a mineral might be needed within the body; however, it is not indicative of the importance of that mineral — all minerals are vital to life. In minute amounts, these nutrients can produce unexplainable, beneficial changes in body chemistry.*

Which minerals are included in Bodē Ionic’s proprietary mineral blend?

The proprietary mineral blend contains over 65 major, trace and ultra-trace minerals. Because we source our minerals from naturally occurring plant vegetation, the level of individual minerals may vary slightly from batch to batch. The proprietary mineral blend in the Bodē Ionic contains the following minerals:

| Supplement Facts | | |
|---|--------------------|----------------|
| Serving Size 1 fl oz (30 mL) | | |
| Servings Per Container 32 | | |
| | Amount Per Serving | % Daily Value* |
| Calories | 20 | |
| Total Carbohydrate | 3g | † |
| Total Sugars | 3g | 6% |
| Proprietary Plant-Sourced Major, Trace, and Ultra-Trace Mineral Blend | 956mg | † |
| Aloe Vera Extract | 175mg | † |

* The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

† Daily Value not established.

How much of each mineral is in the Bodē Ionic?

The individual minerals found in the Bodē Pro mineral blend are in trace and ultra-trace amounts. The levels are similar to what one would find in unprocessed plant based foods grown in mineral rich soil. These levels vary from batch to batch; therefore we do not quantify exact amounts. Each 1 oz serving of Bodē Ionic contains 956 mg of the total mineral blend.
